

New Zealand Magic

**February 25th to March 11th, 2017
With Independent Tours and Judy Shane**

Join us on an unforgettable journey to premier hiking destinations in New Zealand's North and South Islands. You'll experience stunning, varied landscapes – lush rain forests, gushing geysers, limestone cliffs, and icy glaciers on the snow-capped Southern Alps. Hiking director Judy Shane, who lived in New Zealand for 9 years, selected her favorite day hikes for this unique adventure. We'll start in Taupo and end in Queenstown. Independent Tours owners Kent Porter and Cyndi Smith-

Porter will join Judy as guides. You will have an opportunity to participate in short hikes (2-4 miles) and longer hikes (5-9 miles) during the course of the trip. We will explore terrain unavailable to most group tours in New Zealand. In addition to hiking, you may arrange activities on your own – visiting museums, swimming with the dolphins, golfing, kayaking, zip lining, trout fishing, and jet boating. And travelers may choose to extend their trip beyond March 11th for an extra fee.
