

**BERNARD & CÉLINE**

Bonjour,

We live in a pleasant apartment in **Paris, in the 11th arrondissement**, near Place Voltaire, not far from the Bastille and the Marais districts.

Our apartment is situated 15, rue Auguste Laurent, in the 11th arrondissement in a block of flats, on the 7th floor. It is **the top floor**, so we have a **little roof garden** which you can see in the photos.

Our apartment has **four rooms**, plus a kitchen, bath-shower room, and a bathroom.

There is also a **balcony** all along **at the back**, with a nice view (see photos).

There is a **bedroom**, and an **office** with a settee which converts into a bed for one adult or two young children. The **main room** has a round dining table, and a lounge area with a settee and two comfortable armchairs. This main room opens on the roof garden. The settee in the main room can be used as a double-bed (again for one adult or two young children).

The last room is also an **office** where you can spend time, especially at the end of the day, when there is beautiful light.

The **kitchen** is fully equipped.

The apartment has **double exposition** and is very bright. Every window is equipped with **electric shutters**.

The price is **300€/night** with a minimum of **three nights**. Rental rates are **negotiable** depending on overall length of stay.

In 2024, our apartment is available from April to October 2024.
